Comments of Quarantine Officer at the Port of:

Time of arrival of vessel

Time boarded by Quarantine Officer

Name of next port of call

Pratique granted on at am/pm for

Initials of Quarantine Officer

Notice to Masters - In order to expedite the clearance of the vessel, this form should be filled up by the Medical Officer (if carried) or by the Master immediately on arrival in Territory waters, and all documents relating to the sanitary history of the vessel should be ready for production to the Quarantine Officer. The Master is further requested to take the necessary steps to have all persons on board ready for inspection, together with passengers and crew lists, log-book, sick lists, etc.

The passenger lists should be typewritten (if practicable) and grouped according to class.

Under the Quarantine Act 1953 the Master and the Medical Officer are liable to a penalty of K200 for refusal or omission to give a true account and a true reply to any question; and for wilfully making a false statement in answer or for wilfully misleading a Quarantine Officer they are liable to two years' imprisonment.

Any vessel entering a Territory port without pratique for that port must if no case of quarantinable or suspected quarantinable disease exists on board, fly flag Q in the International Code of Signals. Any vessel which has had a case of quarantinable disease or suspected quarantinable disease on board more than five days previously, or on which there has been unusual mortality among rats, must fly the two-flag signal QQ. Any vessel which has had a case of quarantinable disease or of suspected quarantinable disease on board less than five days previously must fly Q flag over the 1. flag in the International Code Signals. See Quarantine (General) Regulations 1956, Regulation 4.
